Professional Profile

Banking and Wealth Management professional with 9+ years of experience across High Net Worth and affluent client management, customer onboarding, KYC, customer due diligence, AML-related processes, fraud and card operations, digital banking and general banking services.

Experienced in reviewing customer information and supporting documentation, resolving KYC gaps, supporting Source of Funds and Source of Wealth requirements, PEP and sanctions screening, UBO verification, FATCA/CRS requirements and AML escalations. Strong client-facing background with practical experience coordinating with customers, Operations, Compliance and other internal stakeholders to resolve documentation, transaction and service-related matters.

Professional Experience

Dec 2023 – Mar 2025 **Chief Manager, IndusInd Bank Ltd., India**

- Managed relationships with affluent and High Net Worth clients, providing end-to-end support across account servicing, banking products, transaction-related requests and ongoing client lifecycle requirements.
- Supported KYC verification, remediation and periodic KYC refresh activities by reviewing customer information and supporting documentation, identifying gaps and coordinating with customers and internal teams to complete required updates.
- Supported Source of Funds and Source of Wealth reviews by obtaining relevant customer information and documentation and coordinating with internal stakeholders where further clarification was required.
- Supported PEP and sanctions screening, UBO verification and FATCA/CRS related requirements during customer onboarding and ongoing relationship servicing, ensuring relevant information and documentation were available for internal review.
- Identified and escalated customer or transaction-related concerns to appropriate internal teams where activity, documentation or customer information required additional AML or compliance assessment.
- Handled customer-reported unauthorised and suspicious card transactions, supporting card blocking, replacement, disputes and chargeback processes while coordinating with relevant fraud and operations teams.
- Supported customers with Internet and Mobile Banking, including authentication, OTP/token, beneficiary and password-related issues, while resolving complex service requests through internal coordination.
- Used CRM, Finacle and Microsoft Excel to maintain customer information, track service requirements and support accurate operational and client documentation.
- Supported colleagues through knowledge sharing and on-the-job training on banking processes, products, customer servicing and operational procedures.

- Oct 2022 – Feb 2023 **Manager, HDFC Bank Ltd., India**
- Managed customer relationships and supported account opening, account maintenance and ongoing customer servicing, ensuring required documentation and banking procedures were followed.
 - Reviewed customer documentation and supported KYC and customer due diligence requirements during onboarding and ongoing account servicing, including resolution of documentation gaps.
 - Supported KYC remediation and periodic customer information updates by coordinating with customers and relevant internal teams where additional information was required.
 - Supported customers across deposits, fixed deposits, loans, insurance and investment-related banking products while maintaining accurate customer records and service documentation.
 - Handled card, transaction and digital banking issues, including potentially fraudulent or unauthorised activity, and coordinated with relevant internal teams for appropriate resolution.
- Jul 2016 – Sep 2022 **Deputy Manager / Assistant Manager, Axis Bank Ltd., India, Promoted**
- Progressed from Assistant Manager to Deputy Manager during my tenure, taking on increasing responsibility across client relationship management, banking operations, compliance-related processes and customer servicing.
 - Managed affluent and High Net Worth customer relationships and supported a broad range of banking and wealth-management requirements, including accounts, deposits, lending, investments, insurance, foreign exchange and remittances.
 - Handled customer onboarding, account opening, account closure and account maintenance, ensuring customer information and supporting documentation were complete and aligned with applicable banking procedures.
 - Supported KYC verification, remediation and periodic KYC refresh activities by reviewing customer information and documentation, identifying discrepancies or missing information and coordinating with customers and internal teams to complete required updates.
 - Supported Source of Funds and Source of Wealth requirements by gathering relevant customer information and documentation and coordinating with appropriate internal teams where additional clarification was required.
 - Supported PEP and sanctions screening, UBO verification and FATCA/CRS related customer information requirements as part of onboarding and ongoing relationship servicing.
 - Escalated AML-related concerns and unusual or suspicious customer activity to the relevant internal teams in accordance with established procedures.
 - Handled customer-reported card fraud and unauthorised transactions, supporting card blocking, replacement, disputes and chargeback processes and coordinating with relevant fraud and operations teams.
 - Worked with Visa, Mastercard and RuPay-related card transactions and supported card issuance, re-issuance and card-security processes including tokenisation and 3D Secure requirements.
 - Supported customers with Internet and Mobile Banking, including activation, authentication, OTP/token issues, password resets, beneficiary additions and troubleshooting of digital banking requests.
 - Provided customer support across cheques, demand drafts, remittances, loans, deposits, fixed deposits, insurance, investment products, foreign exchange and wealth-management services.
 - Used CRM and Finacle to maintain customer information and support operational and client-servicing activities, while using Excel for record management and day-to-day analysis.
 - Supported the training and mentoring of colleagues by sharing knowledge of banking processes, products, customer servicing and operational procedures.
